

## Welcome to Reefing USA!!

Join us at one of our many shows!!  
We are working to build a better reefing community.

To do this we are setting up a series of shows throughout the United States with quality professional vendors. Our mission is to bring vetted vendors to local reefing communities. Small venues and interaction with local clubs and societies allows all of us to reconnect after a long time apart due to the pandemic. Thank you for your interest in being a part of our show.

### **2021-2022 Reefing USA Vendor Requirements**

1. You must have a legitimate coral farm and business license.
2. You must have 80% aqua-cultured coral in your booth. Our goal is to promote sustainability.
3. You must donate 10 frags at each show for the opening grab bag. The bags will have your logo on them. We hand out the frags free to the first 120 people who come. It is a great way to promote your company.
